## Engagement and management suite

The ultimate teacher, parent and student school portal for sharing **SIMS** information and improving **engagement** 

Edulink One is a comprehensive school engagement portal that transforms how teachers, parents and students engage and share SIMS information.

It is accessible anywhere, on any device.

#### The key benefits of Edulink One:

- ✓ Convenient access to student performance data assessment, attendance, detentions, achievement and behaviour
- ✓ Improved student and parental engagement through 2-way messaging (email, SMS and push notifications), timetable access, exam information and school reports
- Reduced administrative workload of staff with built-in write back tools for marking assessment, recording achievement and behaviour, setting detentions and taking registration on the go
- Centralised resource, room and parents evening booking
- ✓ One place for setting and managing homework
- ✓ Retire multiple existing systems, potentially saving thousands of pounds
- Cut printing, postage and SMS costs
- Access SIMS on iPads and Chromebooks

## Streamlines school administration

#### **Update Marksheets**

Updating Marksheets in SIMS through Edulink One is guick and easy, saving teachers time and allowing them to do this both in the classroom and at home. You can choose to mark each student individually or flood fill. Plus Marksheets can be exported as a spreadsheet.

#### **Take Registers**

Take registers electronically in the classroom and on the go, instantly updating SIMS and maximising safeguarding. Whilst taking registration, easily view important student tags such as Pupil Premium and SEN... really useful for cover teachers, new staff and generally flagging up key statuses for each learner.

#### **Room & Resource Booking**

With our Resource Booking functionality which syncs with SIMS, staff can see accurate room and resource availability, as well as centrally managing the booking process.

## Streamlines school administration

#### **Parental Forms**

Collect feedback, permission and consent from parents electronically. Save hours of admin time, make it easier for parents to respond and no more lost slips.

#### **Seating Plans**

Straight forward, easy to use and available on any device, our seating plans use simple drag and drop functionality, combined with your assesment information to allow all staff, regardless of technical ability, to set up their seating plans in a matter of minutes.

#### Clubs

Our extra curricular clubs management feature allows you to set up and manage your extra curricular acitivities in seconds. This section is flexible to ensure it meets the needs of your school and with linked registers ensures all your safeguarding needs are taken care of.

	CREATE			MY CLUBS ALL CLUBS
-	Name ‡	Location ‡	Capacity	Next Session ‡

	Science Revision	S4	5/35	15:10 pm Thursday, 21 February
	Year 10 Reward Trip	Kettering Cinema	30/32	17:10 pm Friday, 22 February
	Year 8 Girls Hockey Training	Field	13/30	13:00 pm Wednesday, 20 February

#### **Data Collection**

Gone are the days of sending out data collection sheets to every parent of the school asking them to check their information. Parents can now update their information at any time, and once the nominated staff member has reviewed the change this gets written back to SIMS with one click of a button!

#### **Absence Management**

Your schools attendance team can now monitor any unauthorised absences in real time and quickly contact the parents in the event of a student absence.

#### **Document Messaging**

Schools can email out school reports, or other SIMS linked documents to parents with a few clicks reducing printing, postage and admin costs.

## Improves Engagement

#### Messaging

Messaging is a great way to improve parental and student engagement. With our service, teachers can instantly communicate with parents, students and other colleagues at an individual, group or whole school level and receive replies.

#### **Parents Evening Booking**

Improve parents attendance with the Edulink One parents evening booking system. It makes it easy for parents to book a time to meet teachers and provides the school with the ability to record and report attendance statistics.

#### **Assessment Grades**

At any time, termly targets and attainment grades awarded can be viewed by teachers, parents and students. This allows students to take charge of their learning and for parents to be kept informed of their child's performance.

#### **Exam Timetables & Entries**

Users can look up examination entries, exam timetable and once released, even the grades!

#### **Student Reports**

Parents and students can access current and past school reports in PDF format, allowing them to see current attainment and identify any changes over time.

#### Notifications

With automatic notification rules, schools can make sure people are kept informed of a range of information from new behaviour or achievement records to school detentions or even unauthorised absences.

#### Noticeboard

The Noticeboard allows schools to provide newsletters, school policy documents and general letters home all in one location, cutting back on printing costs whilst ensuring the parents get the important information.

## What our customers say....

#### **Cashless Catering Transactions**

Edulink One integrates with popular cashless catering systems in schools. By doing so, parents and students can easily view balances and transaction details all through Edulink One, without having to log into a separate system.

With Edulink One we have consolidated everything we needed within one solution, simplifying access. Even better, it saved the school money.

Rob Coles, Network Manager, Hornsea School and Language College.

> With Edulink One, we can deliver on our school's ambition to improve insight on student performance, make communication more effective and maximise whole-school engagement. Because everything is integrated within one platform, we save money too! Darren Jones, ICT Manager, Uckfield Community Technology College.

#### **Reporting Absences**

Reporting student absence has never been easier, as parents can now do this right within Edulink One in just a few clicks, anytime.

#### 100% of customers would recommend Edulink One

Having Edulink One packaged as a native app, as well as a web app made this an attractive proposition. It makes the accessibility of student data so easy. The more data that's in an easy format that can be put in front of our staff, the better they can tailor their teaching to the students in front of them.

> Rhys Froggatt, Director of E Learning, Chipping Campden School.
